Innovation Cycle

Why do we need ATM research ?

ASDA Members' Focus

Long-term research

- How do you prove the value? Or:
- Do we all really agree it is essential?

Questions

- What is the right fraction for this type of research?
- How should it be governed?
- Part of SESAR and/or DG-Move and/or DG-RTD? Links with SESAR or not?

More general open question...

- What are, according to you, the drivers for change and innovation of ATM in the long-term?
